

Automotive Facilitator

About Tec-NQ

Tec-NQ is a Registered Training Organisation (RTO) and an Independent Senior Secondary School. Tec-NQ delivers education and training to Townsville and the North Queensland region, including full time apprentice training, on demand industry training, pre-employment programs and school-based apprentice programs. Vocational and trade training is provided across the broad industry areas including Construction, Electro-technology, Engineering, Automotive and Information Technology.

Tec-NQ operates in a state of the art facility and delivers innovative curriculum and training programs that are supported by strong links with industry. As a company, Tec-NQ values safety in the workplace, maintaining high standards of compliance as both a school and an RTO, and inspiring transformative change. Tec-NQ seeks to employ motivated and experienced facilitators to deliver a contextualised and unique program, with the aim to create employability and success for all learners.

About the Role

Due to growth in the business, Tec-NQ requires additional support in the delivery of our Automotive Mechanical (Heavy Vehicle and Light Vehicle) training packages, for delivery in Cairns. We are currently seeking a suitably qualified applicant to join the team as an Automotive Facilitator on a full-time basis. The position will be based in Townsville with the requirement of travelling to Cairns to deliver the training packages.

Selection Criteria

Essential

1. Certificate IV in Training and Assessment (TAE)
2. Automotive trade qualification with a minimum of 5 years experience working in the industry
3. Possess qualification for Certificate III in AUR30405 Automotive Mechanical (Heavy Vehicle and Light Vehicle)
4. Ability to use information technology in various formats and combinations to enrich and extend the learning opportunities of the students;
5. Well developed verbal and written communication skills;
6. Current C-Class Australian Drivers Licence.

Desirable

1. Demonstrated experience in the development, delivery and assessment of Certificate III in AUR30405 Automotive Mechanical (Heavy Vehicle and Light Vehicle) with the ability to adopt a multi-disciplinary approach to training and learning

Applications close Sunday 15th July
