

Engineering Facilitator (Fitting and Turning)

About Tec-NQ

Tec-NQ is a Registered Training Organisation (RTO) and Independent Senior Secondary School. Tec-NQ delivers education and training to Townsville and the North Queensland region, including full time apprentice training, on demand industry training, pre-employment programs and school-based apprentice programs. Vocational and trade training is provided across the broad industry areas including Construction, Electro-technology, Engineering, Automotive and Information Technology.

Tec-NQ operates in a state of the art facility and delivers innovative curriculum and training programs that are supported by strong links with industry. As a company, Tec-NQ values safety in the workplace, maintaining high standards of compliance as both a school and an RTO, and inspiring transformative change. Tec-NQ seeks to employ motivated and experienced facilitators to deliver a contextualised and unique program, with the aim to create employability and success for all learners.

About the Role

Tec-NQ is seeking a highly motivated and innovative Facilitator who is committed and passionate about making a difference to the Engineering Trade for North Queensland youth and apprentices. This position will support the delivery of programs across the scope of our operations as an RTO and School up to, and including, Certificate III in Engineering Mechanical (Fitting and Turning). The successful applicant will need to possess a Certificate III in Engineering Mechanical (Fitting and Turning). Previous training experience is preferred.
