

Engineering Facilitator (Fabrication)

About Tec-NQ

Tec-NQ is a Registered Training Organisation (RTO) and Independent Senior Secondary School. Tec-NQ delivers education and training to Townsville and the North Queensland region, including full time apprentice training, on demand industry training, pre-employment programs and school-based apprentice programs. Vocational and trade training is provided across the broad industry areas including Construction, Electro-technology, Engineering, Automotive and Information Technology.

Tec-NQ operates in a state of the art facility and delivers innovative curriculum and training programs that are supported by strong links with industry. As a company, Tec-NQ values safety in the workplace, maintaining high standards of compliance as both a school and an RTO, and inspiring transformative change. Tec-NQ seeks to employ motivated and experienced facilitators to deliver a contextualised and unique program, with the aim to create employability and success for all learners.

About the Role

Tec-NQ is seeking a highly motivated and innovative Facilitator who is committed and passionate about making a difference to the Engineering Trade for North Queensland youth and apprentices. This position will support the delivery of programs across the scope of our operations as an RTO and School up to, and including, Certificate III in Engineering Fabrication. The successful applicant will need to possess a Certificate III in Engineering Fabrication. Previous training experience is preferred.

Selection Criteria

Essential

1. Possession of a trade qualification in Engineering (Fabrication) with a minimum of five years post trade work experience in the Engineering Industry of Fabrication
2. Certificate IV in Training and Assessment
3. Well developed verbal and written communication skills;
4. Ability to use information technology in various formats and combinations to enrich and extend the learning opportunities of the students;
5. Current C-Class Australian Drivers Licence; and
6. Queensland 'Blue Card' to work with children or eligibility to attain.

Desirable

1. Demonstrated experience in the development, delivery and assessment of Certificate III in Engineering – Fabrication Trade with the ability to adopt a multi-disciplinary approach to teaching and learning

Please note all applications must be received no later than close of business **25 November 2018**
