

Automotive Facilitator (Light Vehicle)

About the Role

Tec-NQ is seeking a highly motivated and innovative Facilitator who is committed and passionate about making a difference to the Automotive Trade for North Queensland youth and apprentices. This position will support the delivery of programs across the scope of our operations as an RTO and School up to, and including, Certificate III in Light Vehicle Mechanical Technology. The successful applicant will need to possess a Certificate III in Automotive (Light Vehicle) or a higher qualification. This position is a Townsville based role.

About Tec-NQ

Tec-NQ is an Independent Senior Secondary School and Registered Training Organisation (RTO). Tec-NQ delivers education and training to the Townsville and North Queensland region, including full time apprentice training, on demand industry training, pre-employment programs and school-based apprentice programs. Vocational training is provided across broad industry areas including Construction, Electro-technology, Engineering, Automotive and Information Technology.

Tec-NQ delivers innovative curriculum and training programs that are supported by strong links with industry. As a company, Tec-NQ values safety in the workplace, maintaining high standards of compliance as both an Independent Senior Secondary School and RTO.

Applicants without a Certificate IV in Training and Assessment are not discouraged from applying.

Selection Criteria

Essential

1. Possession of a trade qualification in Automotive with a minimum of five years post trade work experience in the Automotive Industry;
2. Certificate IV in Training and Assessment (TAE40116 or TAE40110 with the required units);
3. Well developed verbal and written communication skills;
4. Ability to use information technology in various formats and combinations to enrich and extend the learning opportunities of the students;
5. Current C-Class Australian Drivers Licence; and
6. Queensland 'Blue Card' to work with children or eligibility to attain.

Desirable

1. Demonstrated experience in the development, delivery and assessment of Certificate III in Light Vehicle Mechanical Technology with the ability to adopt a multi-disciplinary approach to teaching and learning.

Apply

If you believe you have the industry experience, skills and qualifications, please submit your resume and cover letter addressing the above selection criteria in an email.
