

Relief Teachers (Years 10 – 12)

About the Role

Tec-NQ seeks creative and engaging Relief Teachers to develop, deliver and assess QCAA endorsed subjects contextualised to create employability and success for all learners. The suitably qualified applicants will teach Year 10 across the Australian Curriculum as well as the Year 11 Essential English.

The successful candidates will work in collaboration with Tec-NQ's Trade Education Teams to understand the application of subject area content within the workplace and use that understanding to teach students how the skills are applied in the workplace.

Tec-NQ offers teachers a range of workplace advantages not typically found in traditional schools.

- Smaller Class Sizes
- Progressive Learning Community
- Authentic Learning
- Accessible Management Team
- Flexibility in Delivery and Curriculum Design

About Tec-NQ

As a company, Tec-NQ values innovative solutions, industrious attitudes, delivering value to our stakeholders, inspiring positive change and safety in the workplace.

Tec-NQ's senior school focuses on transitioning students directly from school to the workforce. It's integrated work experience and training programs are supported by strong links with industry. The trade-based curriculum enables students to learn with a purpose as they complete work-based QCAA approved subjects and vocational qualifications.

Tec-NQ maintains high standards of compliance as both an independent senior secondary school and registered training organisation (RTO). The senior school is based in Townsville, but its provision of boarding attracts students from across rural, remote and isolated areas of Queensland.

Tec-NQ's RTO delivers nationally accredited training in Townsville, Mackay and Cairns. Vocational training is provided across broad industry areas including Construction, Electro-technology, Engineering, Automotive and Information Technology.

Selection Criteria

Essential:

1. Bachelor of Education qualification or equivalent.
2. Experience in the development, delivery and assessment of year 10 compulsory subject areas with the ability to adopt a multi-disciplinary approach to teaching and learning.
3. Ability to use information technology in various formats and combinations to enrich and extend the learning opportunities of the students.
4. Current Queensland Registered Teacher registration.
5. Current C-Class Australian Drivers Licence.

Desirable:

1. Knowledge of the trade environment.
