AUR30620 CERTIFICATE III LIGHT VEHICLE MECHANICAL TECHNOLOGY

NATIONALLY RECOGNISED
TRAINING

COURSE INFORMATION

This qualification covers the skills and knowledge required for employment in the automotive retail, service and repair industry.

The qualification has been specifically developed to meet the needs of the light vehicle automotive industry.

As part of their training the apprentice will perform a range of work including the service and repair of the mechanical parts such as the engine, transmission (clutch, gear box and differential), and the suspension systems (springs, steering, brakes, wheels and tyres).

They will perform tasks including discussing problems with drivers/users to discover faults and carry out their own diagnostic procedures.

They will repair and service engines, cooling systems, exhaust systems, diesel fuel systems, engine forced induction systems and clutch assemblies.

In addition, they will repair and service manual and automatic transmissions, braking systems, final drive assemblies, and steering and suspension systems.

The repair of ignition, electronic engine and drive management systems is also encompassed in the light vehicle mechanic's duties.

COURSE OUTCOME

Successful completion of the course will result in the issuance of a Certificate of Qualification and a nationally recognised Statement of Attainment for AUR30620 - Certificate III in Light Vehicle Mechanical Technology.

There is no licensed outcome for this course.

COURSE PREREQUISITES

There are no prerequisites for this course.

ENTRY REQUIREMENTS

Participants must be employed and registered under a training contract as an apprentice.

Tec-NQ conducts a learning, literacy and numeracy assessment as part of its enrolment process.

TRAINING & ASSESSMENT

Training is delivered by Tec-NQ and can be a combination of:

- Face-to-face facilitator lead instruction in both practical workshop and classroom contexts
- Online theory
- On the job blended learning

Tec-NQ will employ a range of assessment methods designed to gather evidence from a variety of sources in different forms.

The evidence gathering techniques will be direct, indirect and supplementary.

COSTS/ CONCESSIONS

Eligible apprentices who meet the Queensland state funding requirements will be charged a set fee of \$1.60*/nominal hour. Certified training is GST free.

Nominal hours for each unit of competency are provided in the training plan.

Fees are set by the Queensland Government department that is responsible for training. Fees are subject to change over the course of an apprenticeship.

Some students may be eligible for concessions. Please check with your enrolments officer when registering for the course.
