CONTEXTUAL INFORMATION

SCHOOL SECTOR:

At Tec-NQ, trades are a career of first choice. Tec-NQ is a registered training organisation, an independent senior secondary school and an accredited boarding school that has been in operation since 2007 from its purpose built campus in Douglas. Tec-NQ provides a range of training and educational programs to the Townsville and the North Queensland region including senior schooling (year 10, 11 and 12), full-time apprentice training, short courses, pre-employment programs and school-based apprentice training.

Students have the opportunity to complete their Queensland Certificate of Education (QCE), consisting of qualifications in BSB20120 Certificate II in Workplace Skills, ICT30120 Certificate III in Information, Digital Media and Technology, a certificate I or II in their chosen trade or (if employed in a school-based apprenticeship) progression within a Certificate III in their chosen trade.

Our specific focus on VET outcomes enables Tec-NQ to produce well-rounded, work ready students for industry. During Year 10 all students have the opportunity to try every trade offered by Tec-NQ to assist them in making informed decisions about the course of study in year's 11 and 12. Students enrol in an automotive, electrical, construction or engineering stream at the start of Year 11. The curriculum is a combination of academic studies, nationally recognised trade training and work experience throughout Year 11 and 12, which delivers senior secondary school outcomes, accredited vocational qualifications and employability skills.

CO-EDUCATIONAL OR SINGLE SEX:

Tec-NQ is a co-educational institution.

SCHOOL ADDRESS:

The Tec-NQ campus is located at 54 Discovery Drive, Douglas QLD 4811.

SCHOOL SECTOR:

Independent

TOTAL ENROLMENTS:

Tec-NQ enrolled 315 school-based students in 2022.

CHARACTERISTICS OF THE STUDENT BODY:

In 2022, the student body consisted of 53 females and 261 males. Of these students, 12% identified themselves as indigenous. Majority of students ranged in age from fifteen to eighteen years of age.

GENDER	NO. PER GENDER	% PER GENDER	NO. PER INDIGENOUS GENDER	% PER INDIGENOUS GENDER

Males	261	83%	32	12%
Unidentified	1	<1%	0	0%
Total	315	100%	39	12%

YEAR LEVELS OFFERED:

Tec-NQ enrolls students into Years 10, 11 and 12.

DISTINCTIVE CURRICULUM OFFERINGS:

The trade focused curriculum at Tec-NQ is a contextualised learning program that delivers academic subjects in a trade context. When a student is enrolled in the construction program, they learn all of the critical aspects of Maths in the context of the construction industry.

For example, when they are learning about angles they may learn them in the context of building a shade structure and the relevance of angles in conducting this task.

The English program is contextualised around personal growth, career readiness and social integrity both in the workplace and in life..

Students also complete a number of Certificate II qualifications which are supported by a Learning Management System (LMS). The LMS allows students to progress at their own pace.

EXTRA-CURRICULAR ACTIVITIES:

Tec-NQ is a proud supporter of the local community and actively participates in community events such as Shave for a Cure and Career Expos. Tec-NQ also participates in the inter-schools NRL competition.

SOCIAL CLIMATE:

Pastoral care, mentoring and an active Trade Education Team work to maintain a productive workplace for all. We conduct educational programs for students that build resilience, self-awareness and understanding of others, as well as interactive programs that provide insight into the dangers of drugs and alcohol. Tec-NQ provides all student with mentoring throughout their enrolment, as well as training to prevent bullying and harassment. Further to this, one on one counselling is available to every student on request and / or referral.

HOW IS NON-ATTENDANCE IS MANAGED

Attendance data is recorded in the internal student management system (MiTec) at the commencement of each day. This is a part of the Pre-Start Safety Meeting. Attendance data is then exported, collated and stored for potential emergency evacuation events. Where non-attendance (not approved) has been recorded, an automatic text message is sent to parents/guardians advising them to contact the college to confirm their absenteeism.

Parents are contacted by phone where consecutive not approved absenteeism exists. In addition, Trade Education Teams (TET) meet weekly to discuss progression of students in their learning programs. Where attendance rates affect progression, or fall below 85%, parents/guardians are contacted for an onsite meeting to discuss the requirements and value for attendance that meet workplace expectations.

OTHER INFORMATION

TEC-NQ HOUSE

In 2015 Tec-NQ opened Tec-NQ House, its accredited boarding facility. The facility allows students from across regional and remote Queensland to access Tec-NQ’s unique trade focused senior school program.

The college celebrated opening its newly constructed, purpose-built boarding facility in 2022. With three general learning areas and a purpose-built hospitality kitchen, the facility doubled as both a classroom delivery site and its 40-bed boarding facility on its 2nd level. All of Tec-NQ’s full-year year ten students undertook a Certificate II in Hospitality over the year, experiencing many varied real-life catering experiences over their hospitality program that involved several external community groups and associations.
