CPC32420 CERTIFICATE III PLUMBING

NATIONALLY RECOGNISED
TRAINING

COURSE INFORMATION

This qualification covers the skills and knowledge required for trade outcome in plumbing covering work in residential and commercial applications.

This qualification has been specifically developed to meet the needs of the plumbing industry.

The plumbing industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

While undertaking this qualification, apprentices gain the skills and knowledge to:

- Lay out, test and maintain pipes, fixtures, metal roofing, fittings, gas meters, regulators, units and appliances.
- Install equipment such as boilers, pumps, heating and cooling systems, natural gas appliances, water tanks, water heaters and solar water heating systems.
- Install, maintain and repair pipes in stormwater or sewerage systems and drains, septic tanks, holding wells, sullage pits and absorption tracks.

COURSE OUTCOME

Successful completion of the course will result in the issuance of a Certificate of Qualification and a nationally recognised Statement of Attainment for CPC32420 - Certificate III in Plumbing.

There is no licensed outcome for this course.

COURSE PREREQUISITES

There are no prerequisites for this course.

ENTRY REQUIREMENTS

Participants must be employed and registered under a training contract as an apprentice and must obtain the General Induction White Card before commencing work on a construction site in Australia.

Tec-NQ conducts a learning, literacy and numeracy assessment as part of its enrolment process.

TRAINING & ASSESSMENT

Training is delivered by Tec-NQ and can be a combination of:

- Face-to-face facilitator lead instruction in both practical workshop and classroom contexts
- Online theory
- On the job blended learning

Tec-NQ will employ a range of assessment methods designed to gather evidence from a variety of sources in different forms.

The evidence gathering techniques will be direct, indirect and supplementary.

COSTS/ CONCESSIONS

Eligible apprentices who meet the Queensland state funding requirements will be charged a set fee of \$1.60*/nominal hour. Certified training is GST free.

Nominal hours for each unit of competency are provided in the training plan.

Fees are set by the Queensland Government department that is responsible for training. Fees are subject to change over the course of an apprenticeship.

Some students may be eligible for concessions. Please check with your enrolments officer when registering for the course.
